

§ 2702.4

(e)(1) A person requesting records from the Commission pursuant to this section may request expedited processing of his request in cases in which he can demonstrate a compelling need for the records requested. For purposes of this paragraph a compelling need means:

(i) That a failure to obtain the requested records on an expedited basis could reasonably be expected to pose an imminent threat to the life or physical safety of an individual; or

(ii) The information is urgently needed by a person primarily engaged in disseminating information in order to inform the public concerning actual or alleged Federal Government activity.

(2) A demonstration of compelling need by a person making a request for expedited processing shall be made by a statement certified by such person to be true and correct to the best of his knowledge and belief. Notice of the determination whether to grant expedited processing in response to a requester's claim of compelling need shall be provided to the person making the request within 10 calendar days after receipt of the request. The Commission will provide expeditious consideration of administrative appeals of determinations whether to provide expedited processing. Once a determination has been made to grant expedited processing, the Commission will process the request as soon as practicable.

(f) In denying a request for records, in whole or in part, the Commission shall make a reasonable effort to estimate the volume of the records denied, and provide this estimate to the person making the request, unless providing such an estimate would harm an interest protected by the exemption pursuant to which the request is denied.

(g) Any reasonably segregable portion of a record shall be provided to the person requesting it after the deletion of any exempt portions of the record. The amount of information deleted shall be indicated on the released portion of the record, at the place in the record the deletion is made if technically feasible, unless indicating the extent of the deletion would harm an interest protected by the exemption

§ 2702.7

(e) For purposes of paragraphs (b) through (d) of this section, whenever it reasonably appears that a requester, or a group of requesters acting in concert, is attempting to break down a single request into a series of requests relating to the same subject matter for the purpose of evading the assessment of fees, such requests will be aggregated and fees assessed accordingly.

§ 2702.6 Fee schedule.

(a) *Search fee.* The fee for searching for information and records shall be \$15 per hour for clerical time and \$30 per hour for professional time. This fee includes machine time and that of the operator and clerical personnel. The fee for computer printouts shall be \$.40 per page. If search charges are likely to exceed \$25, the requester shall be notified of the estimated amount of fees, unless the requester has indicated in advance his willingness to pay fees as high as those anticipated. Time spent on unsuccessful searches shall be fully charged.

(b) *Review fee.* The review fee shall be charged for the initial examination by the Executive Director of documents located in response to a request in order to determine if they may be withheld from disclosure, and for the deletion of portions that are exempt from disclosure, but shall not be charged for review by the Chairman or the Commissioners. See § 2702.3. The review fee is \$45 per hour.

(c) *Duplicating fee.* The copy fee for each page of paper up to 8½"×14" shall be \$.15 per copy per page. Any private section services required will be assessed at the charge to the Commission. § 2702.7 No fees; waiver or reduction of fees.

(a) No fees shall be charged to any requester, including commercial use requesters, if the anticipated cost of processing and collecting the fee would be equal to or greater than the fee itself. Accordingly, the Commission has determined that fees of less than \$10 shall be waived.

(b) Documents shall be furnished without any charge, or at a charge reduced below the fees otherwise applicable, if disclosure of the information is determined to be in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester.

(1) The following six factors will be employed in determining when such fees shall be waived or reduced:

(i) The subject of the request: Whether the subject of the requested records concerns "the operations or activities of the government";

(ii) The informative value of the information to be disclosed: Whether the disclosure is "likely to contribute" to an understanding of government operations or activities;

(iii) The contribution to an understanding of the subject by the general public likely to result from disclosure: Whether disclosure of the requested information will contribute to "public understanding";

(iv) The significance of contribution to public understanding: Whether the disclosure is likely to contribute "significantly" to public understanding of government operations or activities;

(v) The existence and magnitude of a commercial interest: Whether the requester has a commercial interest that would be furthered by the requested disclosure; and, if so
